SMALL FIRES

A Man in Arcadia Loses His Home.

Building in the Kahn Yard Burned Last Night Early.

The home of Ed Fletcher, colored, an employee at the coal tipple in Mechanicsburg, was burned Saturday about 6:30 p. m. The house was located on the Afton Heights road near Wallace park, and his wife being at a neighbor's and her husband not having returned from work, there was no one at home. The loss is a total one, \$200 that had been saved being destroyed with the furniture, valued at \$200. It is supposed the flames originated from a coal from the grate. There was no insurance. The fire department was notified that a house near 11th and Madison was burning, but found upon making the run that the light was from the country.

Fire broke out in a frame house occupied by negroes in the Kahn yard last night about 8 o'clock and totally destroyed the contents of the building and damaged the building beyond repair. The fire originated from a fire in the stove, it is thought, and was burning briskly when the firemen arrived. The loss to the occupants will be total. The building and contents were worth little and were not insured.

The smoke that mystified the firemen who were called to the Register office Friday night proved to come from a coal which had fallen under the floor in the smelting room, the smoke going through the pipe hole under the floor of the mechanical department. There was little damage.

Ben Massey, aged 22, died at his home at Little Cypress, Marshall county, last night from typhoid pneumonia. He was unmarried, and the remains were today buried in the Polk's burying ground.

The remains of the late Capt. W. Sneed Strong will be taken to Hickman for burial but the date has not yet been decided. Probably the departure will be tomorrow morning.

POLICEMAN KILLS HIMSELF.

Memphis, Tenn., Dec. 14.—All Memphis is agog over a tragedy last night when Henry Kressenburger, a grocer, was fatally shot by a masked man, who was fired at once and was hit in the leg by a grocer. Two blocks away the body of Policeman John L. King was found. He had shot himself in the temple and died instantly. The mask, made from handkerchiefs, was still on his face. The grocer had just closed up, and had the day's receipts in his hand, but no effort was made to get them, and the cause of the shooting is unknown. Some hint that there was a woman at the bottom of it.

ASSAULTED A WOMAN.

Knoxville, Tenn., Dec. 14.—Dr. Helen Ellis, a woman practitioner, was called out at 2 o'clock in the morning by a man who said she was wanted to wait on a woman nearby. After getting in the buggy to accompany her, he seized her, and attempted to prevent an outcry, but she screamed and he jumped out and ran. It is believed her assailant was an ex-convict.

Mrs. N. S. Walker arrived from Dyersburg today at noon to visit her parents Mr. and Mrs. G. C. Crumbaugh.

TEACHERS FILE PETITION

Mr. Fred A. Hessig, late of Memphis, Tenn., died at 11:10 o'clock this morning at the residence of his brother, Dr. H. T. Hessig, 603 South Eighth street, of paralysis. Mr. Hessig had been ill for two years and had been in a serious condition since last February. He was carried from his home in Memphis, to sanitariums at Philadelphia and Dayton, Ohio, to improve his health, but his case was found to be hopeless and he came here two months ago. He gradually grew worse until death came to him this morning as a relief to suffering.

Mr. Hessig was born in Cincinnati, and was 48 years of age. He came to Paducah with his parents when two years old and remained here until 1873 when he went to Memphis, where he became connected with the G. W. Jones Drug company. Later he became a member of the Van Fleet Drug company and was vice president of this company, which is one of the most prominent in the south, for 18 years. After retiring from the Van Fleet company he established the Hessig-Ellis Drug company in Memphis, but only conducted it a short while, selling it on account of his failing health a year or two last February. It is said he left with a large estate.

Mr. Hessig was a member of the old Chickasaw guard and later of the Chickasaw club of Memphis. He was also a member of the Tennessee club, the Memphis branch of Elks, having been exalted ruler of the Memphis Elks at one time. His only surviving relatives are his mother, Mrs. Katharine Hessig, and his brother, Dr. H. T. Hessig, both of this city. He was a man of genial disposition and had many friends. The funeral will take place from Dr. Hessig's residence Wednesday afternoon at 3 o'clock, with services conducted by Rev. B. F. Wukman of the German Evangelical church. The burial will be at Oak Grove.

Another interesting contest that is coming up will be that of Mrs. E. L. Whitesides and Dr. J. R. Grogan, the osteopaths, who were also warrantied for failing to pay their license. Prosecuting Attorney Harrison stated to the court that the defendants claim that they are not liable to a license, as they do not come under the head of "practicing physicians." He asked that the case be continued, which was granted. All the other warrants for failing to pay city license have been dismissed.

TOMORROW'S REGISTRATION.

Deputy County Clerk Hiram Smedley is this afternoon delivering the registration books to the officers to be ready for the supplementary registration day tomorrow. This will be the only chance of those who did not register in time to vote in the general elections, to vote in the special senatorial election. The same election officers who served at the late registrations will serve tomorrow.

POLICE COURT.

Harry Harton got a dose of justice today. He was before the court several weeks ago for having a shotgun at the home of Mr. Willis Morgan's home on the South Side, and was released on condition that his mind be investigated, and if found to be "flighty" to be put in the proper place.

Nothing was done with him, and a few nights ago he and a companion named John Rogers and a country boy named McClure went out "to have some fun" and somebody, in addition to throwing clouds, broke out windows at Mr. Morgan's. McClure claims he knew nothing about the case, and was led into it innocently. This case was left open.

Harton, who seems to be enamored of one of Mr. Morgan's daughters, was then charged with carrying a pistol concealed and there was evidence showing that he had one concealed twice, once at Mr. Morgan's. He offered no defense and was fined \$50 and sentenced to 20 days in jail. If Harton is crazy his friends can now have him sent to the asylum, and if not he ought to be in jail, as he is dangerous and as Judge Sanders says will sooner or later either kill some one or

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. For sale by DuBois, Kolb & Co.

TO STAND TRIAL.

Editor Young E. Allison, of the Louisville Herald, was in the city yesterday enroute to Smithland, where there is an indictment against him for alleged criminal libel. Supt. H. McChesney of public instruction, who had the indictment brought, went up today. George Riley, a Herald reporter indicted, went up last week. Attorney W. W. Smith, formerly of Mayfield, Mr. Allison's attorney, was with him. Hon. John K. Hendrick, who is also engaged by Mr. Allison, was already in Smithland.

GHASTLY DETAILS

Negroes Confess to Murder Near Hopkinsville.

A Most Diabolical Deed With Robbery as the Sole Motive.

MURDERERS UNDER ARREST

Hopkinsville, Ky., Dec. 14—George Holland, Dick Carney, Frank Meriwether, Frank Massie, Charles Finch and Bill Garrott, negroes, were arrested at Pembroke and confessed to murdering an unknown white man whose body was found November 17 in the woods. They saw the man buy a bottle of whiskey and display a large roll of bills in a Pembroke saloon Saturday night, November 14, and followed him to R. T. Chile's farm, where he built a fire and went to sleep. The negroes crept to him and Meriwether dealt a fearful blow with a club, crushing the skull. The body quivered and, thinking the wound had not been fatal, George Holland sprang on the writhing form and buried a knife blade in his throat.

All the negroes took part in searching the body. When the pockets were rifled and the spoils divided the murderers cut off their victim's face and buried the flesh. The shoes and socks were pulled from the dead man's feet and burned, and the clothes he wore were slashed with knives. The body was dragged back twenty feet into the woods and buried under a pile of rails, where it was uncovered on the following Tuesday by hogs and partly devoured.

Gov. Bockham offered a reward of \$250 for the capture and conviction of the murderers. Additional rewards, \$100 by Pembroke citizens and \$50 by the county judge were offered. A glove belonging to Frank Meriwether dropped near the scene of the crime was the first clew discovered. George Holland's actions also aroused suspicion, and today Holland was arrested by Town Marshal J. E. Jackson and Lawrence Moore. He confessed and implicated the others, five of whom were arrested. They are in jail at Pembroke and will be brought here tonight for safe keeping. Ed Mosley, colored, told the officers that he witnessed the crime from the road and had been afraid to tell. He is in custody. The name of the man murdered will probably never be known.

MAKES PRECEDENT

Chicago Court Imposes \$1000 Fine Against Union.

Says the Usual Warfare Made Against Innocent Workers Cannot Be Tolerated.

FIRST CASE ON RECORD

Chicago, Dec. 14—One thousand dollars' fine for illegal acts as a corporate body was imposed upon Franklin Union No. 4, Press Feeders, by Judge Jesse Holdom Saturday. The court found the union as a corporation guilty of contempt of court for violating an injunction restraining it as an organization from interfering with the business or employees of the printing firms, members of the Chicago Typatheatre.

Judge Holdom's action creates a precedent, it being the first time in the history of trades unionists in this country that a court has fined a union as a corporation. An immediate appeal was taken from the action of Judge Holdom.

In giving his decision Judge Holdom said:

"It appears that Franklin Union No. 4, a corporation, is liable to a fine for violation of the injunction in this case; it but remains for the determination as to what the amount of that fine shall be. Punishment is meted out in accordance with the gravity of the offense committed. The consequence of violation of the injunction by the union have been many assaults on innocent persons seeking to work under contracts satisfactory to themselves and their employers."

Continuing, Judge Holdom said: "There has been no discrimination between the sexes. Women have been assaulted and terrorized and followed to their homes, and their families intimidated. Murder has even resulted from the unlawful acts of the union and its striking members. From affidavits in evidence in this case, it appears that more than 50 people have been, since the inception of the difficulties set forth in the bill, assaulted, intimidated, called opprobrious epithets and threatened with harm, simply because they worked in a place voluntarily vacated by members of Franklin Union No. 4, all the alleged aggressors, with the exception of John Mucher, condemned twice for assault and unlawful picketing, in company with members of the union, in violation of the injunction bill, has been defended by the lawyer for the union.

Further along the court says: "It would seem from the evidential facts that the action of the union in establishing strike headquarters, the payment of strike benefits at the strike headquarters by the union treasurer with the union money, and the fact that no discrimination was made against the members of the union known to be guilty of acts in themselves criminal, establish the union as a co-conspirator with its offending members, party and privy to the violations of the injunction of which its members stand convicted, and therefore guilty of violation of the injunction and amenable to discipline for such violation, providing it can be disciplined under the law."

Again alluding to acts of violence, Judge Holdom declares:

"Such warfare cannot and will not be tolerated by the courts in a land of peace, where people are governed by the law, and the law would be lacking in one of its most necessary attributes if it was impotent to punish for such violation."

COUGHING SPELL

CAUSED DEATH.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1 at DuBois, Kolb & Co.

Anyone can catch fish in California

Bait, a line, hook, rod and a little patience are all that are necessary.

There is good sport within a stone's throw of several of the largest hotels along the coast, but the best fishing is at Santa Catalina Island. Santa Catalina is the home of the tuna—Tiger of the Pacific—which attains a weight of 200 pounds and has been known to tow a boat for hours. The tuna visits Santa Catalina for only a few days in the year, but sea bass, yellowtail and barracuda are plentiful the year round.

Santa Catalina is only three and one-half hours from Los Angeles and Los Angeles is only three and one-half days from Chicago in the Rock Island System. For all information on request.

Chicago Contractor Refuses to Toast American Flag.

Says Some Men Now Seem to Have No Rights Left.

Chicago, Dec. 14—William D. O'Brien, toastmaster at the banquet of contractors and builders at the Auditorium hotel, has refused to toast the American flag as an emblem of liberty.

"Why, the emblem of liberty is a farce," he cried, "When men are shot down in the streets because they are trying to earn an honest living; when we are afraid to assert our rights for fear some labor organizations will oppose us."

"It is ridiculous," he declared, "to think you should be obliged to waste your time discussing your rights with walking delegates, business agents and labor leaders. You have your rights, and no man should be able to step in and dictate to you and tell you where your rights begin and end. We want to make this national organization so strong that it will never again be necessary for us to confer day after day with labor leaders to obtain our rights."

"If a man is not a union member and is loyal to you, you must be loyal to him. We must be able to obtain liberty in every sense of the word, and not merely privileges. The conditions are disgraceful which makes it necessary for us to consult with our employees at every step."

Contractor William Grace, of Chicago, declared that he was tired of being told what to do by Gompers and Mitchell and other labor leaders.

Mr. Grace declared that the running of the United States market without police protection during the recent strike had made him think that his rights and the rights of every American citizen were just as sacred as the mail care.

By all speakers all the troubles of the builders were laid at the door of organized labor. The feeling for the "open shop" was strong.

RAILROAD NOTES

Horse and Buggy Struck But No One Hurt.

Much Work Being Finished on the Illinois Central.

A horse and buggy was struck by train No. 136, the Cairo and Hopkinsville passenger train Saturday night at Cumberland river bridge, but fortunately no one was in the buggy. The horse, it seemed, had strayed away and was walking leisurely along when the train hove in sight. The engineer sounded the alarm whistle and tried to frighten the animal off the tracks but was unsuccessful. The horse was killed and the buggy torn to splinters and left on the side of the track.

The double track work on the Carbondale and St. Louis line will be completed by December 25, except the stretch of track between Pinckneyville and Kings. During the past year the yards at Mounds, Centralia and Carbondale have been nearly doubled.

At Brookport and Carb., the terminals will be again increased to meet the demands of the tie business of the Ayer & Lord Tie company, so that in the future low water will not retard the operations of the company, the new tracks, which are to be put in place, to be used for the storage.

Track reductions between Fulton and Memphis, which caused delay in the passenger service is nearly completed and will make it possible to materially reduce the time of all trains on the system.

All these annoyances, for such they are to the traveling public, are being rapidly removed and when accomplished, the division will have been improved over 56 per cent in the past 12 months.

STREET CAR COMPANY EQUIPPING THEM ALL THIS WINTER.

The street car company this winter is vestibuling all its cars. For the past two weeks the company has had several extra carpenters working on its cars building vestibules to protect the motormen from the cold and will put vestibules on all the cars to be used this winter. The motormen have unenviable job during cold weather and appreciate action of the company very much.

GOES TO WINDY CITY

Republican National Convention June 21st Next.

Meeting of the Committee Was Harmonious Through-out.

KENTUCKY FOR ROOSEVELT

THE NATIONAL CONVENTION.

Washington, Dec. 14—The Republican National convention will be held in Chicago, beginning at noon on June 21, next, the Republican national committee reaching this conclusion Saturday and adjourning subject to call. Pittsburgh and St. Louis were rivals of Chicago for the convention. Each city was well represented in oratory before the committee, and each also had cash offers to make. Pittsburgh offered \$100,000, Chicago, \$75,000 and a hall, and St. Louis \$40,000 and a hall. The vote stood 43 for Chicago, 7 for Pittsburgh and 1 for St. Louis.

The work of the committee was harmonious throughout.

ALL FOR ROOSEVELT.

Washington, Dec. 14—Commissioner of Internal Revenue John W. Yerkes is back in Washington. He brings the news that Kentucky Republicans favor President Roosevelt's nomination in 1904, and that the Bluegrass delegation will be solid for him.

Another batch of prominent Republicans made open declarations for Mr. Roosevelt. Among them were Senator Cullum, of Illinois; Senator Elkins, of West Virginia; Senator Long, of Kansas; Senator Alger, of Michigan; Senator Heyburn, of Idaho; Senator Clapp, of Minnesota; Representatives Dalzell, of Pennsylvania; Hepburn, of Iowa; Bingham, of Pennsylvania, and Gillett, of Massachusetts.

Senator Hanna, of Ohio, in a private conversation with several members of the national Republican committee, today said he "stood pat" on his declaration made on several occasions in the recent past, that he was not and would not be a candidate for the presidential nomination.

FIRE AND POLICE BOARD.

REGULAR MEETING WILL BE HELD—NO APPOINTMENTS PROBABLE.

The board of fire and police commissioners will meet tonight in regular session at the city hall but it is likely nothing will be done towards making appointments to the police or fire departments, it is thought.

The commissioners have stated that they will not appoint before the first of the year, although one commissioner is very anxious to get through with this work tonight. The commissioners met Saturday night informally and discussed several matters. The charges against Officer Aaron Hurley for alleged improper conduct in summoning a witness, have not been preferred formally, and if presented tonight will be filed and a date set for hearing the evidence. The commissioners have not been notified officially of any such action taken against the officers and of course will take no definite action towards a hearing until they are filed.

In the matter of making extra appointments to the fire department a commissioner stated this morning that nothing would be done until the money matter had been settled. The money to pay the extra men has to be secured in some way and until the city can satisfactorily settle this matter the commissioners say they will not appoint the extra men.

BIG SWINDLE

POSTOFFICE AUTHORITIES BELIEVE THEY HAVE A SLICK DUCK.

Memphis, Tenn., Dec. 14—With the arrest of Albert V. Keech, of this city the postal authorities believe they have unearthed the greatest postal swindle in the history of this section. Early this week a man using the name of Robert H. Banks sent 5,000 circulars to the west, saying that he had been appointed receiver for the "Mississippi Valley Planter," and that he had certain premiums to be distributed to the persons to whom the circulars were addressed on payment of a small assessment against them. The authorities stopped 1,500 of the answers yesterday, and Keech was arrested today. Keech was in charge of the office where mail was addressed to Banks, and was arrested there. The prisoner is being held pending further investigation by postoffice inspectors.

CORRUPTION IN LEXINGTON.

Mayor Duncan, of Lexington, soon goes out of office, and before he does he is making it mighty unpleasant for some of his fellow Democrats. He alludes to the faction hostile to himself as the "courthouse jugglers," and declares in an open address that no public statement of county affairs are required by law to be made every year, has been issued for six years, and that the cost of the court house is computed by them at three different amounts, the highest being \$323,577, and the lowest \$255,169, a discrepancy of \$68,408. He asserts that the gang even gives out an erroneous mileage of county turnpikes, and that it rejected a bid of \$75,000 to rebuild the court house and afterwards spent \$323,577 for the work. Mayor Duncan adds:

"Extravagant contracts for county work have been the uniform custom, and in most cases without competition. Three grand juries have had these matters under consideration. The county books were submitted for their inspection, but were usually watched by that trusted guardian of courthouse secrets, the expert book-keeper and accountant. Each of these juries recommended a thorough investigation, and one of them voted on Saturday to indict the county officials, but some of them were seen on Sunday and the indictments were set aside on Monday. I have quite a lot of other and similar performances of the courthouse syndicate that I will show up in other letters, and will show that Fayette county has the most recklessly extravagant county administration in the state of Kentucky."

Mayor Duncan, it can be seen, does not mince words, but his statements will probably go unheeded, as schemers and rascals in politics usually remain silent when accused. Their only hope is in "laying low."

The taxpayers of Lexington seem to be in a pretty bad way, however, and if they don't revolt at the approaching county election and oust the clique they will deserve all they get.

Public opinion seems to favor General Leonard Wood, who is a man of the strenuous type and accomplishments.

While a number of good men are doubtless op-

er of testimony against him is said to be such that it will have little or no effect. General Wood may have been promoted over several hundred other officers, as is claimed, but what have the other officers ever done to deserve promotion? Do the American people believe in promoting a man for the simple reason that he has been drawing a salary from the government for doing practically nothing, for a longer number of years than some man who has achieved great things? When they do, they will doubtless unanimously insist on General Wood, no matter what he may have done, taking a back seat and allowing the unknown, obscure, and in many instances insipid officers over whose heads he was promoted, to get the honors. General Wood's service in Cuba alone is said to entitle him to the position to which President Roosevelt has appointed him.

The state Republican committee of Mississippi has issued a public statement branding the reports emanating from Democrats that the Mississippi delegation would be against President Roosevelt, as absolutely false. The committee declares that the delegation will certainly be solid for President Roosevelt and that it deems his administration "elevated, patriotic and worthy of the nation's praise." The Democrats are getting almost fiendish in their desperation to stir up strife in the Republican party, but they show no better signs of success now than when they first started out.

The celebrated verdict, "Guilty, but not proven," has been supplemented by one from a Texas jury—"We find the accused not guilty provided he will leave the country." Over in Missouri, or almost anywhere else, the juries might introduce another form—"We find the defendant guilty provided the supreme court can't find a technicality."—Courier-Journal. The C. J. might have added the verdict in the Kentucky Goebel cases, which is virtually, "Guilty, because he is a Republican."

The date for holding a convention to frame a constitution for Panama is fixed at January 15. It makes little difference what Colombia does now. The United States is preparing to start a campaign against Colombia if necessary and for the purpose of consulting relative to it, General Bell has now been called to Washington.

Senator Hanna again states that he will under no circumstances run for president of the United States, and this ought to satisfy even the Democrats, but it probably will not. His declination to oppose President Roosevelt is one of the hardest of the many hard knocks they have received since their party split up the last time.

One thing is certain. The new state administration in Kentucky will be well supplied with newspaper men. As a stepping stone to good fat jobs, the Democratic country daily seems to be a pretty successful institution.

W. L. Buchanan, of New York, is to be the first minister to Panama, and has already been nominated. His service of several years as minister to Argentina Republic will well fit him for the position.

The public might as well steady itself and prepare for the blow. Mr. W. J. Bryan is coming back home.

TOO MUCH COST

GOVERNMENT OBJECTS TO
CHANGING THE CHANNEL
UP THE RIVER.

The secretary of war, in his report, submitted to congress a day or two ago, reports against attempting to change the channel of the Ohio river up about Elizabethtown, Ill., to get it over against the Illinois shore. A petition was filed asking that a survey be made at that point, and the secretary states that the channel is divided by Hurricane island, the through channel being between the island and the Kentucky shore. The proposed improvement contemplates the closing of the channel and opening a new channel between the island and the Illinois shore in front of Elizabethtown. The secretary states that the improvement is not desirable as the local commerce of the town is so limited that the expense of creating a channel would not be warranted.

It is understood that the cost of the improvement would be about \$50,000.

Dr. J. M. Lang has been unable to hunt this year on account of being crippled from the fire several weeks ago. His friends in the gun club, however, have kept him well supplied with quail, and not content with this, Mr. J. Liquozone Cost \$100,000

Yet We Will Buy a 50c. Bottle and Give it to You.

This company, composed of business, professional and medical men of ability, paid \$100,000 for the right to make Liquozone. That is the highest price ever paid for the rights in one country on any scientific discovery. It was paid by us, after years of experiment with it, because Liquozone alone can kill inside germs without killing the tissues, too. Nothing else can destroy the cause of any germ disease.

and an excess of oxygen—the very life of an animal—is deadly to vegetable matter. Liquozone is employed in the largest hospitals, and prescribed by the best physicians, the world over. It is essential in any germ disease, for the cause must be destroyed, and nothing else can do it. Liquozone then acts as a tonic to bring back a condition of perfect health; for oxygen is Nature's greatest tonic. Its effects are exhilarating, purifying, vitalizing. It does something that all the skill in the world cannot do without it.

Liquid Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple form into the blood that no germ could live in any membrane or tissue. Liquozone does that. We spend 14 days in making each bottle of it, but the result is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

Kills All Germs.

Any drug that kills germs is a poison to you and it cannot be taken internally. Medicine never destroys inside germs. Liquozone kills them with oxygen—a tonic to you—the very source of vitality. It kills them because germs are vegetables,

Fever—Gall Stones
Gout—Gout
Gonorrhœa—Gleet
Women's Diseases
All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

Citizen Was "Rattled."

An incident during the royal visit to Edinburgh, which was the cause of a good deal of amusement at the time, occurred on the occasion of the conferring of the accolade by the king on one or the newly made knights.

The worthy citizen, when placing himself upon his knees in order to receive the all-important tap on the shoulder from the royal sword, knelt down in the flurry of the moment at such a distance from the king's chair that he was quite out of reach. A sign was made to him by some one in attendance to approach nearer, whereupon the good man, without rising to his feet, shuffled along on his knees until he got within the required distance. His majesty expressed his interest by a genial smile, while his gracious countenance held up to her face an enormous bouquet.—Modern Society.

SAW HIS OWN COFFIN

Harrowing Experience of a Man Who Escaped the Gallows

A Detective's Evidence Convicted Him of a Crime he Was Ignorant of.

SUFFERED FROM SUSPENSE

Denver, Colo., Dec. 14.—"I saw them unloading a long pine box.

"What is that? I asked the death watch.

"That is your coffin, King," he answered.

Innocent, yet doomed to die a felon's death, Orestes Pagnini, alias Robert King, knows all the agony, except the short sharp pain of actual dissolution, felt by a murderer who is executed. At one time, only nine hours before he was to be shot, the warden of the penitentiary brought him the stay of execution. It was in describing the events of that awful night that Pagnini told about seeing his coffin brought to the prison.

On January 8, 1900, the "Sheep Ranch" gambling house in Salt Lake City was held up and the proprietor, Godfrey Prowse, was killed. James Lynch was found wounded and with a mask on his face. Shortly after the robbery Pagnini was arrested. He proved he was with Robert Dunbar, county clerk, fifteen blocks away, at the time of the murder, but the positive evidence given by Detective Sheets convicted Pagnini.

Secure in the knowledge of his own innocence and with a foreigner's ignorance of legal methods, Pagnini was the most surprised man in the court room when he heard the verdict that he must die.

"You can choose whether you will be shot or be hanged," said the court. "If you do not make the choice the court will choose for you."

Dazed and like a man afflicted with a horrible nightmare, Pagnini managed to mumble that he would rather die by shooting than on the scaffold. The date was fixed at December 18, 1900. In his terrible predicament the prisoner communicated with Dr. Cuneo, Italian consul at Denver. The letter was a convincing one. Dr. Cuneo went to Salt Lake City.

"I shall investigate the case," said the consul, "but if you are guilty I shall not try to help you."

After two weeks' inquiry Dr. Cuneo became certain Pagnini was innocent. An appeal to fellow-countrymen was scattered broadcast through the newspapers printed in that language. With the \$1,500 raised, an application for a new trial was made. It was refused. It served, however, to postpone the execution, the stay arriving nine hours before Pagnini was to die.

Another application resulted in the supreme court granting a new trial. Meanwhile Lynch had confessed that he was the murderer, and had repeated time and again that he had never seen Pagnini until he met him at the prison. The district attorney became convinced of Pagnini's innocence and had the case nolle prossed.

Lynch is to be shot next January.

Said Pagnini last evening: "It seems strange to be free. No one not condemned to die can realize the awfulness of such a sentence. Language is inadequate to convey a knowledge of what the doomed man undergoes."

"Some one tries to cheer you by telling you death is instantaneous and is painless. One time at the military college I hurt myself very badly. I wanted water. They told me afterward they got it for me in less than a minute, but it seemed to me more than an hour.

"I used to think of that experience when they told me death was instantaneous. Time is only a measure of events, and in times of great agony one may live longer in a minute than during all his preceding lifetime."

POLE FELL.

AND CARRIED DOWN A LARGE NUMBER OF TELEPHONE WIRES.

A pole of the East Tennessee Telephone company broke and fell across the Cairo road at the edge of the city yesterday, and brought down with it quite a number of wires. There was confusion for a time, but Manager Joyner put to work a large force of men and soon had up a new pole with all the wires working again.
